Who We Are

Conversations to Remember is a 501(c)(3) charity whose mission is to combat feelings of isolation and loneliness among senior citizens. We work with any senior citizen, including those experiencing Alzheimer's and other forms of cognitive decline, who can participate in a video call.

Volunteers with Conversations to Remember will have virtual visits with senior citizens, many of whom live in assisted living communities. These seniors are lonely, and are excited to speak with you. Each video call will have 2-3 student volunteers present. The calls will be for one hour, at the same time each week. You will only be matched for a call at a time when you are available. You must commit to continuing in the program for at least 4 months. Conversations to Remember will provide you with training and support.
